## Education

- 2020 - 2025     **Bachelor of Engineering Program in Biomedical Engineering**  
*Srinakharinwirot university*  
**Senior Project:** A Comparative Study of Mother Wavelets for ECG Removal in Non-invasive Diaphragm EMG during Breathing Exercise
- 2025 - now     **Master of Engineering Program in Biomedical Engineering**  
*Srinakharinwirot university (Expected Graduation: June 2026)*  
**Senior Project:** Wavelet decomposition for ECG artifact removal in surface diaphragmatic EMG monitoring

## Experience

- Jun 2023 - Jul 2023     **Medical Equipment Center, Police General Hospital, Bangkok, Thailand**  
Position: Biomedical Equipment Engineering Intern
- Medical Equipment Center, Police General Hospital, Bangkok, Thailand
- Aug 2023 - Dec 2024     **Motion Capture System Laboratory, Faculty of Engineering, Srinakharinwirot university, Nakhon Nayok, Thailand**  
Position: Research Assistant
- Aug 2023 - Dec 2024     **Software Developer for PM 2.5 Detection**  
Position: Research Assistant
